

FCM MISSIONS – What we're about!

FCM Missions seeks to expand FCM's vision on a global level to nations that have a like heart to link arms as Apostolic Teams expanding the Kingdom of God.

As with the US FCM Team; FCM Missions desires to:

1. Encourage and strengthen pastors to fulfill their God given vision.
2. To assist them in identifying congregational members who have a five-fold calling on their life.
3. To train pastors and potential leaders through conferences outreaches and practical team functions.
4. To plant new churches with those who have been identified, trained and released into five-fold ministry.
5. To be a part of something greater than themselves.

FCM Missions is currently engaged in ministry in Poland, Germany, Uganda, Caribbean and Ecuador.

FCM Missions focus is on building people, not buildings. National teams may have strategies to assist in facilities; yet the FCM Missions focus is on building up leaders and not on facilities.

FCM Missions focus is on identifying, training and releasing leaders and potential leaders to plant churches.

FCM Missions does not support orphanages, clothing centers or schools.

FCM Missions desires to encourage each congregation to fulfill their vision; however the **FOCUS OF FCM** is on church planting, **not on** orphanages, clothing centers, schools, etc.

For those who are interested in possibly developing a working relationship with FCM – USA, please contact us.
